Academy for Educational Development. Funded by the United States Agency for International Development.

Advised Facing History and Ourselves, an organization devoted to educating for tolerance in the conceptualization of their efforts for international outreach. 2004-2005.

Advised the President of Wheelock College in the development of an international strategy for this teacher education institution. 2005.

Organization for Economic Cooperation and Development. Participated in a team that reviewed the impact of education policies of Chile over a ten year period. Lead preparation of chapter on consequences of policies to improve equity and contributed to chapters on teacher education and student assessment. Summer 2003.

Secretaría de Educación Pública. Mexico. Advised a group of high level policy makers in the Federal Ministry of Education on issues of secondary school reform, teacher education policies and the design and management of a national flagship project to improve the quality of 10,000 high-poverty elementary school (2002-2003). Conducted several training seminars for senior staff of the General Directorate of Evaluation of Education Policies in the collection, analysis and dissemination of data to monitor student literacy in several areas of the curriculum (1998-2000).

Advised several private business groups and foundations interested in education reform issues on a series of activities including organizing policy dialogue, conferences and defining priorities. Some of these include Grupo Pulsar Mexico and Fundacion Espinosa Rugarcia Mexico, Fundacion Amigos del Aprendizaje in Costa Rica, Fundemas in El Salvador.

Co-led planning of a major conference on business entrepreneurship and education in Brazil, sponsored by Lemann and Jacobs Foundations (2005).

Inter-American Development Bank. In 2002, prepared a report to stimulate discussion on directions for education reform among Ministers of Education. In 2000 made a presentation to members of Congress of several Latin American countries on the impact of education policy on instructional improvement.

World Bank. Consulted for the Bank in several capacities and helped design and taught several years in their flagship course for high level education officials on education reform. (1998-2001). Served as peer reviewer for education projects in Peru and Nepal.

National Academy of Sciences. In 2000 commissioned by Board of International Comparative Studies in Education of the National Academy of Sciences/National Research Council to write a paper on the policy implications of comparative and international research on teacher education (with Eleonora Villegas-Reimers).

Taught seminars and lectures to several universities and think tanks on how policy relates to instructional improvement in disadvantaged schools. These include: Fepade, El Salvador (1998), Colegio Marín, Buenos Aires (1999), IESA, Venezuela (2000), Universidad Católica, Venezuela (1999), Universidad Pedagógica Nacional, Colombia (2002), Fundación Restrepo Vargas, Colombia (2002), UNESCO-Chile (2002), Brandeis University (2002).

Senior Education Specialist. The World Bank. Team leader of a group of seven professionals responsible for all Bank education projects in Mexico including three loans to improve basic and early childhood education and analytic work in education and labor markets and pre-school education. Task manager responsible for the design of a US\$ 350 million project to improve basic education for the poorest children of Mexico. Task manager responsible for the supervision of a US\$ 140 million project to improve the quality of basic education in Peru. Responsible for task force in LASHD to develop state of the art thinking on the reform of Ministries of Education. 1996-1997.

Principal Investigator of Project to Assist the Government of Paraguay in the design and implementation of an education reform. Resident Advisor in Paraguay between June 1995 and July 1996. This project involved supporting the institutional development of key departments in the Ministry of Education. Activities included the preparation of a strategic education plan using a participatory methodology to develop a common vision among senior Ministry Staff and to achieve consensus among key stakeholders for education reform. The project also supported the development of a Policy Analysis Unit, Research Unit and Planning Unit within the Ministry. This project involved identifying and recruiting about 40 consultants in different fields to work in various tasks, managing an average of 8 consultants in country at any given time, and frequent collaboration and interaction with all departments of the Ministry of Education. Also selected and supervised two counterpart organizations to collaborate with HIID in the implementation of the project. Designed technical approach, overall management of the project, provided advice to the Minister of Education and to senior Ministry executives. Financed by the Government of Paraguay. The lessons learned in this education reform are discussed in my book Informed Dialogue (with Noel McGinn).

Principal Investigator of Project to design a Workshop on Social Policy Reform for the Inter-American Development Bank. This project involved managing a multidisciplinary team of 10 HIID professionals who designed a curriculum for a 7 week intensive workshop to train leaders of social policy reform in Latin America. Financed by the Inter-American Development Bank. This workshop has been successfully taught to hundreds of participants at the IDB headquarters and in a

number of Latin American countries. 1994.

Principal Investigator for Education Sector Assessment in El Salvador. This project involved 35 professionals and a team of 20 interviewers over a period of 5 months. The main goal of the project was to support a process of policy dialogue in El Salvador aimed at the construction of national consensus in the identification of policy priorities in education. Designed technical approach and wrote project proposal. Selected counterpart organizations and members of team, developed outline of the assessment and scopes of work, wrote two chapters of the assessment, integrated the final report, and made presentations to relevant audiences. This activity involved five months of work in country. This was financed by the United States Agency for International Development/El Salvador. This activity led to the publication of the book Educacion en El Salvador, and to two chapters on community school management and on participatory sector assessments. Some of the lessons learned in organizing this process of social dialogue are discussed in the book Informed Dialogue (with Noel McGinn). 1993.

Project coordinator HIID subcontract in project ABEL. This was a multi-year USAID project to support education development with policy based research and analysis. 1993-1994.

Planning and Coordination of an Education Sector Assessment in Paraguay. This project involved the work of 15 professionals from HIID and from the Centro Paraguayo de Estudios Sociológicos. Designed technical approach and wrote proposal. Selected members of team, developed outline of the assessment and scopes of work, wrote two chapters of the assessment (basic education and teacher training) and integrated the final report and made presentations to relevant audiences. This activity involved two months, in two separate visits, in Paraguay. This was financed by the United States Agency for International Development/Paraguay. A product of this project was the book Analisis del Sistema Educativo en el Paraguay. 1992.

Design of a longitudinal study to evaluate the implementation of the basic education reform in Jordan. Financed by the World Bank. 1992.

Planning and Coordination of a Sample Survey to Identify the Determinants of Primary School Repetition in Rural Schools in Honduras. This was financed by the United States Agency for International Development/Honduras. The results of this study are reported in the monograph Why do children repeat grades? co-authored with Noel McGinn and others. 1990.

Analysis of the results of a survey of primary school quality in Egypt. Training of Egyptian counterparts in the analysis of survey data. This activity was financed by the

United States Agency for International Development/Egypt. 1990.

Designed and coordinated data collection of a sample survey of 500 primary schools in Pakistan. Training of Pakistani counterparts in the analysis of survey data and assisting them to prepare research reports. Financed by United States Agency for International Development/Pakistan. The results of this survey are discussed in the book Hope or Despair? Primary Education in Pakistan co-authored with Donald Warwick, and in a number of other journal articles. 1998.
