The database is available for use in the Gutman Library. Contact
HGSE Financial Aid Office for Access Information

June 2009

NOTES ON THE HGSE FELLOWSHIP DATABASE

The HGSE Fellowship Database has been created as a resource for the support of graduate studies in the field of education. The searchable database can be used on two terminals in the Reference/Research Department of Gutman Library. For a brief introduction to the database, call or email the HGSE Financial Aid Office (617-495-3418; gsefinancialaid@harvard.edu) or ask a Gutman Reference Librarian for the location of the pertinent terminals. Log in information is located at each terminal.

DEADLINES and UPDATES

The listings in this document are organized chronologically by month of application deadline. **However, it is critical to note that deadlines change.** A deadline may fall at the beginning or end of a month and deadlines usually change from year-to-year. An application may be due February 1st one year but January 31st the following year; if you assume “February” means mid-month, you will miss the deadline. **You should always consult the web site of the sponsoring organization or agency.** Competitions with multiple or rolling deadlines are listed at the end of the document.

Updates to this compilation are made periodically, but can't always keep pace with changes in competition requirements, deadlines, etc. Always refer to the sponsoring organization for current and official information.

CAUTION to DOCTORAL STUDENTS

If an eligibility description mentions only M.S., Ph.D. or Sci.D. candidates, get assurance in writing from a program officer that Ed.D. candidates are permitted to apply.

INTERNATIONAL STUDENTS

Additional outside funding lists for international students are located at http://www.gse.harvard.edu/admissions/financial_aid/international/index.html

ADDITIONAL INFORMATION on OUTSIDE SOURCES of FUNDING

The Financial Aid and Fellowship Office web pages also contain useful information. For more on outside funding sources, including free web search sites, and links to other fellowship database sites including (for Harvard students) Harvard's subscriber databases, see http://www.gse.harvard.edu/admissions/financial_aid/fellowships/index.html Note that the Cornell University Fellowship Database which can be accessed from any computer.

SCAMS

Unfortunately, scams exist in the world of fellowships and scholarships. *Never pay a fee* in order to compete for a scholarship or fellowship. Any group which asks for even a small payment is suspect. Another clue to legitimacy: The address, telephone number, and other contact information, as well as information about the organization itself, should be published where you can see it online--and verify its existence.
